

# State Fund Safety Services

Our Safety and Health Services professionals provide extensive workplace safety and training programs designed to help manage risk, prevent injuries and protect California's most valuable resource: *its people*.

## Take advantage of the many safety services available with State Fund.

- **Onsite Loss Prevention Services:** Loss Prevention professionals assist policyholders onsite in analyzing the hazards and the safety needs of your company. For policyholders that meet the qualifying criteria, our experts can help you develop and promote effective loss prevention and safety programs.
- **Ergonomics:** Ergonomic Consultants evaluate worksites to identify and mitigate ergonomic risk factors so workers and the workplace interact efficiently and safely.
- **Industrial Hygiene:** Industrial Hygienists analyze environmental factors and stresses in the workplace such as air quality, noise levels, chemical, physical and biological hazards, and to help reduce exposure to these risks.
- **Seminars and Employer Education Series:** Experts live in the classroom present information and ideas to help employers comply with regulations and maintain safe workplaces at seminars across the state.
- **Injury and Illness Prevention Program (IIPP):** State Fund provides information to create customized Injury and Illness Prevention Program required by California law.
- **Safety Training Videos:** Our streaming videos are great for employee safety meetings. We also have a free video lending library.
- **Safety News:** Stay up to date with State Fund's quarterly online newsletter, and find additional information in our Safety Resource Center.
- **Industry-Specific Safety Materials (bilingual):** These information sheets are useful for safety meetings or tailgate topics and are available in both English and Spanish.
- **State Fund Safety Blog:** The State Fund Safety Blog features workplace safety tips, best practices, and commentary by industry experts about the latest information on Cal/OSHA regulations, workplace compliance, and industry trends.

## We protect the people who make California work.
